Yep, it does. I gave Chris a version, which he edited. This is the version after his edits, before Dave and Jim's. I'm going to leave around 1pm for a conference and won't be back until Thurs evening. I will be checking email in the evening, and you can reach me on my cell at Personal Privacy / Ex. 6

[REDACTED] Dave and Jim both know this, and my email to them implored a quick turn-around. Chris wanted them to edit it, then ORC and OGC, and then give it to Dan and John simultaneously to take up from there. We'll see how that goes.

The spreadsheets I've attached are the summary numbers, as it stands now, assuming we go forward with the additions as I've come to resolve with ODEQ. Thanks.

I gave Chris Hunter my write-up. He wanted Dave and Jim to see it and make any programmatic edits before we sent it to ORC and OGC, so they are supposed to be getting something back to me ASAP. Do you want me to send it to you now anyway?

Hello, Jill. I know I need not tell you the need to move the decision-making on this list along. To that end, could you share with me what info is being put together for John Goodin to pass up to David Ross as soon as you have a draft? This really needs to go up there this week to get all the decision documents drafted and signed by end of October. Thanks.
